

# MV-DR4-lite

H.264 Four Channel DVR

The MV-DR4 series is a versatile **H.264** DVR that combines essential functions with easy installation. Embedded with the Linux operation system, the **MV-DR4** series combines the features of a time-lapse audio / video recorder, a multiplexer, and a video server to create a single surveillance video recorder. Utilizing the latest **H.264** compression technology, the MV-DR4 series offers efficient storage management and users worthy features, such as GUI, NTP, **ezRecord™**, Supporting network accessibility of **DynaRemote™** and **DynaGuard™** CMS, AVE offers an unique and economic digital recording solution in the **MV-DR4**.

## Advanced Functions
